| Mixed Material Mills

By combining materials such as wood, metal and acrylic, these mills bring a sense of interest, richness and depth and are a great way to introduce different materials and finishes into kitchen and dining spaces.

Stemless Range

As the name suggests, these mills have done away with the metal bar that, on a normal mill, connects the top that is turned to the mechanism that grinds the salt or pepper. By ingeniously compacting and hiding this part away, the body of the mill is aesthetically improved, producing a more modern style mill with a stand out appearance.

Inverta Mill Range

These mills store 'upside down' to leave countertops free of residue. The range also features a grind select function with 5 settings for pepper and 3 for salt allowing quick and accurate changes from fine to coarse grinds.

| Acrylic Mills

Our extensive range of acrylic mills are a stylish, elegant, and modern addition to any kitchen. They are easy to clean and refill and their see-through exterior means the salt and pepper are easy to distinguish. Plus, you'll never unwittingly run out of salt or pepper.

Pestle & Mortar

Useful for a wide variety of dishes such as hummus and guacamole as well as grinding herbs and spices. The mortar's unglazed interior and inner profile are designed for maximum efficiency with the pestle to grind or pound ingredients, wet or dry.
